- MongoDB
- Next JS

Soft Skill

- Fast learning
- Multi-tasking
- Communication
- Analytical understanding

Education Background

- Netaji Subhas Open University
BSC Math(Honours)
2023–Present
- W.B.C.H.S.E.
Science(PCM)
2016
Percentage:81.02

About Me

I'm Hasib, a junior web developer specializing in front-end development with a growing proficiency in back-end technologies. My expertise includes HTML, CSS, Tailwind, JavaScript, and React, enabling me to craft visually appealing and responsive websites. In back-end development, I have hands-on experience with Express and MongoDB, allowing me to build robust full-stack applications. I've successfully implemented authentication systems using Firebase and integrated Stripe for seamless payment processing. Additionally, I've designed efficient admin dashboards to manage application functionalities. Currently, I'm expanding my skill set with Next.js, Redux, and TypeScript. I am passionate about mastering these technologies to further enhance my coding abilities and contribute effectively to future projects.

Projects

Community Forum | June, 24

Key Features:

- Easy registration & user profiles
- Powerful search with filters
- Up/downvote system for community curation
- Reputation system with badges/points for valuable contributions
- Social Share for More audience
- JWT authentication for security
